A guide to the words that give color, vigor and individuality to the spoken language in Cork. It explains their meaning, gives examples of usage, and traces their derivations from sources as predictable as the Irish language to such exotic and unexpected ones as Hindustani, Shelta, as well as English, French, Norse, and Dutch. There are almost 400 entries, 1,000 derivations and 21 illustrations by the renowned Cork artist William Harrington.

'Contains hundreds of words still heard echoing down Cork streets and alleyways. Amusing, witty and nostalgic, a valuable contribution to local folklore.' The Irish Times 'A gem of a glossary' Evening Echo 'Has an exotic individuality,' Irish Examiner 'An affectionate look at Cork and its people.' Jrnal Cork Hist. Arch. Society

About the Author Sean Beecher was a Corkman very much dedicated to his native city. For many years he delved deeply into its character, history and, not least, its unique vernacular. This book reflects the intimate knowledge he had of his city, its people and their colourful colloquialisms.
