H. W. Fowler : A Dictionary of Modern English Usage, 2nd, Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised A Dictionary of Modern English Usage, 2nd, Second Edition:

2 of 2 people found the following review helpful. " and you have to be a devotee to enjoy it, which I doBy Tenney NaumerThis is one of the older versions of Fowler's "Modern English Usage," and you have to be a devotee to enjoy it, which I do. I had one of these in the early 1980s when I was a technical editor in Amsterdam for Elsevier Science Publishers. Technical editors take a special interest in these types of things.0 of 0 people found the following review helpful. A Double PleasureBy JGLTruly a classic, to read around in, to enjoy with or without purpose. In fact I purchased two of these: one for a friend, one to have for myself, after all these years (although I have had the paper version for a decade). One came from PA, one from CA. Both honestly described, in great shape, well-wrapped, promptly sent and both booksellers will enjoy my patronage in future I am sure. It was hard to decide which to give to my friend, which to keep.5 of 5 people found the following review helpful. Venerable wisdomBy Jean SullivanFowler is a treat. He is a worthy forerunner to James Kilpatrick and has a similar sense of humour. Whether you agree with his take on usage or not, it is a delight to read. A must have for anyone who loves the magic of words and the often delightful, sometimes sublime, and occasionally absurd customs that govern their usage.

1982, 2nd revised, corrected hardcover edition (of a work first published in 1926), Oxford University Press, NY. Note: this title first produced by H. W. Fowler, was revised and corrected decades later by Sir Ernest Gowers. Hardcover

title, 725 pages.
