John Harris, Vicky White : A Dictionary of Social Work and Social Care (Oxford Quick Reference) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Dictionary of Social Work and Social Care (Oxford Quick Reference):

0 of 0 people found the following review helpful. Five StarsBy Customereasy0 of 0 people found the following review helpful. Item received in time, with much thanks!By Mustapha M. SamaIt's a real student's companion (Social Work/Human Services) and a perfect reference for all social work practitioners/change agents in general. I'm growing to love it by the minute. I have absolutely NO REGRETS for purchasing it. Promptly delivered, and in very excellent (new) condition! My sincere thanks and deepest appreciation to the entire team. Keep up the good job!Mustapha M. SAMA11 Abbot St. Apt. 9Boston MA 021240 of 0 people found the following review helpful. Bad condition!By SymphonyOfLifeThe book contents according to my sister is good but the cover came in really bad shape I thought it was a used book instead of new as listed !

This new dictionary provides over 1,500 alphabetically arranged definitions of terms from the field of social care, concentrating on social work as a significant area within this field. Covering social work theories, methods, policies, organizations, and statutes, as well as key terms from interdisciplinary topics such as health and education, this is the most up-to-date dictionary of its kind available. It also provides extended entries on special fields such as children and families, domestic violence, and residential care. The dictionary includes useful appendices containing a glossary of acronyms and a Table of Legislation, Regulations, and Codes of Practice. Entry-level bibliographies and web links provide further resources and the web links are listed and regularly updated on a dedicated companion website. A Dictionary of Social Work and Social Care is a must-have for students of social care and related subjects, as well as for qualified social workers undertaking continuing professional development programs.

"This dictionary features 1,500-plus terms and concepts related to the social work field. In addition to social work, it includes definitions for related issues in psychology, sociology, and social policy. The entries by Harris and White (both, Univ. of Warwick, UK) are detailed yet clear... this dictionary should be beneficial to those new to the discipline. It provides enough detail to help familiarize readers with many of the universal theories and principles associated with social work." --CHOICE About the AuthorJohn Harris is a Professor in the School of Health and Social Studies at the University of Warwick. He previously worked for many years as a social worker and a manager in social services. Vicky White is an Associate Professor in the School of Health and Social Studies at the University of Warwick. They also co-authored Modernizing Social Work.
