Cynthia Propper Seton : A Fine Romance before purchasing it in order to gage whether or not it would be worth my time, and all praised A Fine Romance:

An elegantly written comedy of manners, constructed around serious ideasideas jovially and sometimes outrageously

explored by a group of civilized people. . . .It has been a long time since so much sparkling, quirky talk has appeared in an American novel. . . .This novel is a pure, a rare delight. Eugenia Thornton, Cleveland Plain Dealer Shines with elusive insights about persons we recognize at once as acquaintances and friends, caught briefly in events that are part of their upper-class life, part of their inevitable sexual prisons, part of their middle age. To be able to say consistently interesting things about these embroilmentsclass, sex, ageis a triumph for a novelist. Cynthia Propper Seton has pulled off just such a triumph. Doris Grumbach, Los Angeles Times
