Q. David Bowers : A Guide Book of Gold Dollars (Official Red Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of Gold Dollars (Official Red Books):

0 of 0 people found the following review helpful. Recomend Reading for Anyone Interested in this Subject. By BobI thoroughly enjoy these books from Whitman publishing as it combines historical facts around the coinage and the events that took place during the time period the coins were minted. The book comes with a price list but this obviously becomes dated over time and in some cases does not reflect actual market prices but it is a nice addition to the information provided on the coin series. 0 of 0 people found the following review helpful. Excellent book. The

book is very informativeBy Kindle CustomerExcellent book. The book is very informative. If you have any interest in gold coins, read this book.0 of 0 people found the following review helpful. If you love Gold Dollars you must own this!By RewbiereadI'm a huge gold dollar fan though I happened to not own even one gradable specimen. This book has got me started down the right path towards saving up for my first MS coin and I can't thank Mr. Bowers enough for the fantastic research and insight. Tons of history on each type, year and mint plus some hidden facts about each coin that will make you want to turn to the next page!A must own for Gold Dollar lovers!

An updated, revised new edition of this popular entry in Whitman's Bowers Series. This full color reference includes a chronicle of the nation's smallest gold coin; an inside look at mints and the minting process; discussion of Proofs; advice on collecting gold dollars; tips on how to be a smart buyer; full color illustrations; a coin by coin study of Type I, Type II, and Type III gold dollars, with valuations and population data; an appendix of auction prices; a selected bibliography; and more all written in an engaging and informative style. If you collect gold coins, you need a copy of this book.
