R.S. Yeoman : A Guide Book of United States Coins 2018: The Official Red Book, Hardcover before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide Book of United States Coins 2018: The Official Red Book, Hardcover:

4 of 4 people found the following review helpful. The book to haveBy Jay JayThis is an indispensable reference if you are an (advanced) collector of US coins.The advanced commentary is excellent, however, where this book shines is in

the quality of the photo illustrations. Once one has gone beyond the basics, and goes into collecting the major varieties of a series, the illustrations become an invaluable tool to help one figure out the nuances between die varieties of a coin series. This book is a perfect compliment to the RED BOOK by the same publishers. Well worth the money, as it can save one many times the purchase price, avoiding buying an item that might not be up to standards or duplicate something one already has. 1 of 1 people found the following review helpful. Great Buy,By CustomerThe Book to have on a Yearly basis if you are a Collector,,This book is larger this year and more informative,,Great Buy,,,Super Fast Shipping1 of 1 people found the following review helpful. Great for coin collectors or any one with an interest in US coinsBy BobCan't go wrong with the red book. great current info, love it.

The Official Red BookA Guide Book of United States Coinsis 71 years young and going strong. Collectors around the country love the book's grade-by-grade values, auction records, historical background, detailed specifications, high-resolution photographs, and accurate mintage data. How rare are your coins? How much are they worth? The Red Book tells you. Covering everything from early colonial copper tokens to hefty Old West silver dollars and dazzling gold coins. You'll find 32,500+ prices for more than 7,600 coins, tokens, medals, sets, and other collectibles. You'll also round out your education in commemoratives, Proof and Mint coins, error coins, Civil War tokens, Confederate coins, private gold, and all the latest National Park quarters, Presidential and Native American dollars, Lincoln cents, and more. Articles on investing, grading coins, and detecting counterfeits will make you a savvy collector; and entertaining essays on the history of American coinage, shipwrecks and hoards, and the modern rare-coin market give you an inside look at "the hobby of kings." These are just some of the features of the informative, entertaining, invaluable Red Bookthe world's best-selling coin price guide with more than 23 million copies sold.

The Red Book is the one reference that practically every U.S. coin collector and dealer keeps within arm's reach. Its information is vital for anyone interested in numismatic education. Today the 70th edition is even more relevant than the groundbreaking 1st edition was in 1946. --Jeff Garrett, President, American Numismatic AssociationWhen coin collectors, friends, and family ask for the single best guide book on American coins, my answer is simple: The Official Red Book. Whether you want to determine values or research the history of a coin, if you're interested in United States coinage you should own this indispensable reference. It's what I use. --Edmund C. Moy, 38th Director, United States Mint (2006-2011)From the Inside FlapThe Official Red BookA Guide Book of United States Coinsis 71 years young and going strong.
