Peter Stalker : A Guide to Countries of the World (Oxford Quick Reference) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide to Countries of the World (Oxford Quick Reference):

2 of 2 people found the following review helpful. Great for LearningBy L. HeratyGreat resource for studying with a

6th grader0 of 0 people found the following review helpful. Three StarsBy Kady GInformative little book. However, it was awefully bent up when I received it in the mail.1 of 1 people found the following review helpful. Great resource to learn about where people come from and how the news stories reflect the true history of that country.By Bob K.Great resource for giving a quick overview of the countries of the world. Great for me and my family!

The new edition of this invaluable reference work has been painstakingly updated and revised to feature the very latest information in an overview of each country in the world. Features include: Up-to-date maps and vital statistics are included for every country Double-page spreads provide maps and geographical details along side concise overviews of the social, economic, and political issues shaping each country Global Data tables show social and economic indicators such as GNP, life expectancy, and population growth/density of each country side by side for easy comparison In today's world changes in geography and demography can have serious short and long-term international implications. No reference work will keep you as up-to-date on the countries of the world as Oxford's latest Guide.

Fascinating and eminently useful...this is a handy overview of the world today. Traveller MagazineAbout the AuthorPeter Stalker is a freelance writer and a consultant for several UN agencies. He is a former editor of the annual Human Development Report and the author of several books on international labor migration for the International Labor Organization.
